

Doug Edey's Sports Report

On September 21 SI, at McDonalds we had registration for our Special Olympics sporting events. There were some old members and some new members there.

On September 22nd Floor Hockey started. Bowling started on September 27th.

On October 2, my mom, Mrs. Edey, Tim, Tim's Brother-in-law, Lynn, Lance, George, Charlene, Maryann, Mrs. Ramsankar and I went to Edmonton. We left Grande Prairie early and got into Edmonton late. We went to the CheeseCake House for supper and then checked into our hotel room. Then we got our package for the Special Olympics Speakers Seminar and met more Special Olympic people.

In the morning, we got up and had breakfast, then went to the room with the other coaches. The seminar organizer talked to us. We went into another room for our course. The course lasted two days. At the banquet, I said grace and George got his reward for athlete of the year.

The next day we got to speak to our group and we were video taped. On the way home, around Stony Plain the van broke down. Tim and his brother-in-law did like McGiver does and fixed the van. We had supper in Stony Plain and waited there for another van to come and take us home.

I am really pumped up about getting more coaches, athletes, volunteers and sponsors for the Special Olympics.
